Provincial Revenue for 1876-77 - Income & Charges - Receipts in 1877-78 by Municipalities - Octroi Income - Population in Municipalities - Increase & Decrease - Comparison

The figures entered against the marginally noted Municipalities, are the same as those of the previous year, and are apparently incorrect. As the mortality during 1877-78 was (except perhaps in previous years, owing to Famine, it is incredible to suppose that the population within the limits of the Municipalities referred to above, was not affected thereby.

3. From statement XV prepared with the Annual Report of Bangalore Cantonment Municipality, it would appear that the number of deaths during 1877-78 amounted to 068, and the births to 1756. There was, thus, a decrease of 4312 in the population of the Cantonment alone, and it is natural to expect that there was a similar decrease in the other Municipalities.

Sir,

I have the honor to acknowledge the receipt of the Proceedings of the Chief Commissioner of Mysore No. 3968 in 353 dated 14th instant and order thereon remarking on the strength of population as shewn in the Annual Returns of Municipalities for the official year 1877-78 and in reply I beg to inform you that agreeably with the practice hitherto obtaining of shewing in these Returns the strength of population as recorded in the latest Census Returns until their supersession by a more recent one, the figure representing the population of the Cantonment i.e 81810 was entered.

The Returns above referred to have now been corrected as directed and the population of the Cantonment will stand at 77498, a revised Return

of Census as above corrected is here-
with enclosed for information.

I think it right to mention how-
ever that by order of the Additional
Secretary to the Chief Commissioner
Canning Department the deaths occurring
in the Several Chief Camps & Hospitals
established within the Town and Can-
tonment limits were to included in
the Monthly Returns submitted from
this office nor are they consequently
included in the Return now forwarded
but as the population of these Camps &c
were largely swelled by the Residents
of the Town and Cantonment, it is
obvious that the actual decrease in
the population must in reality have
been much in excess of what is here
shewn.

I have the honor to be
Sir
